2. Engagement based on quantity/quality of:
   - Outcomes (activity, commitment, capacity etc.)
   - Outputs (strategies, reports, decisions etc.)
   - Ownership of outcomes and decisions

1. Increasingly comprehensive engagement
   - Participants involved in decision-making
   - Participation in reaching consensus on main content of debate
   - Participation in analysis and agenda setting
   - Participants being consulted
   - Participants listening and giving information
   - Participants listening only
